- ❖ Country of Origin: China

Health & Environment.

Maxfit® Hidex

Contains no materials in its palm coating identified in OSHA bulletin SHIB012808 that are associated with latex or Nitrile ingredient allergies.

Maxfit(r) gloves are washable and re-usable unlike most Leather, Nitrile and Latex products. In some instances glove waste can be reduced by a factor of more than 10.

Wash & Re-use.

Wash by hand or machine in normal cold or hot wash to remove dirt and oils.
Hang dry or machine dry at normal drier temperatures.
Can be washed and reused countless times with no shrinkage
